1.3.1. Shotgun Country Quota Places

Country Quota Places may be obtained for the 2023 Pan American Games in accordance with the [SCA Qualification System for the 2023 Pan American Games](#).

USA Shooting is eligible to earn up to two Quotas per event per gender, for a maximum total Shotgun team size of eight (8) athletes (4 male, 4 female).

For the 2023 Pan American Games, USA Shooting is prioritizing the opportunity to earn any remaining Quota’s for the 2024 Olympic Games. In an effort to do so, USA Shooting has made the decision to shape the selection in a way that allows us the best opportunity to earn any remaining Quotas. Due to this, any event(s) that has only one Olympic Quota earned, the athlete who earned the initial Olympic Quota will be ineligible for nomination for individual events at the 2023 Pan American Games. . In an event that there are zero or two Olympic Quotas earned, all athletes remain eligible for nomination to the 2023 Pan American Team.

Selection Qualification

Both selection matches will be open to all USA Shooting members. Athletes must compete in both selection matches to be eligible for nomination.

Selection Match 1 - Tucson Selection Match

USA Shooting Tucson Selection Match will consist of two courses of fire for a total of 250 targets. At the conclusion of this selection match, a single final will be had for each event in which the top six competitors (based on qualification score) will compete. Should there be a tie to get into the final the tie will be broken by a single shot shoot off (Miss and Out) (ISSF Rule 9.15.5) until an athlete misses and the other makes their shot.

The top six competitors will shoot the 2020 ISSF Final's format consisting of 50 shots in Trap and 60 in Skeet with eliminations. Once completed, finals points will be awarded based on the finishing position of the final as follows:

- 1st place = 3 points
- 2nd place = 2 points
- 3rd place = 1 point
- 4th – 6th place = 0 points

These finals points will be added to the qualification score to determine a match 1 total.

Selection Match 2 - USA Shooting National Championships

National Championships will consist of two courses of fire for a total of 250 targets. At the conclusion of this selection match, a single final will be had for each event in which the top six competitors (based on qualification score) will compete. Should there be a tie to get into the final the tie will be broken by a single shot shoot off (Miss and Out) (ISSF Rule 9.15.5) until an athlete misses and the other makes their shot.

The top six competitors will shoot the 2020 ISSF Final's format consisting of 50 shots in Trap and 60 in Skeet with eliminations. Once completed finals points will be awarded based on the finishing position of the final as follows:

- 1st place = 3 points
- 2nd place = 2 points
- 3rd place = 1 point
- 4th – 6th place = 0 points

At the conclusion of this selection match final the National Championship Qualification Score plus finals points will be added to determine the National Championships total.

2023 Pan American Ranking List

Upon the conclusion of the National Championships, the 2023 Pan American Ranking List will be calculated from the total aggregate score of Tucson Selection Qualification + Tucson Selection Finals Points + National Championships Qualification + National Championships Finals Points.

Tie-Breaking Procedures

Should there be a tie in the Pan American Ranking List, down to 6th place, the tie will be broken immediately following National Championships finals by way of a 'miss and out final' (ISSF Rule 9.15.5.) between the tied athletes. The winner of this shoot-off would be awarded the higher ranking in the Pan American Ranking List.

Scenario: One Olympic Quota Already Earned and One Olympic Quota Available

As explained above, if USA Shooting already possess one Olympic Quota in a given individual event, the athlete who earned that quota will be ineligible for nomination for the individual event, regardless of where he/she falls on the 2023 Pan American Ranking List.

For the remaining 2023 Pan American Games individual event quotas, the highest ranked athlete on the 2023 Pan American Ranking List will be selected to the 2023 Pan American Games Team.

Scenario: Two Olympic Quotas Available

If USA Shooting has two Olympic Quotas still available, the 2023 Pan American Ranking List will be used to determine nominations and the highest ranked athlete from the 2023 Pan American Ranking List will be selected to the 2023 Pan American Games Team.

Scenario: Zero Olympic Quotas Available

If USA Shooting has zero Olympic Quotas still available, the 2023 Pan American Ranking List will be used to determine nominations and the highest ranked athlete from the 2023 Pan American Ranking List will be selected to the 2023 Pan American Games Team.

1.3.2 Shotgun Mixed Team

Per the [SCA Qualification System for the 2023 Pan American Games](#), athletes for the Mixed Team Event must come from the individual entries in the men's and women's skeet event. For 2023 Pan American Games, the Shotgun mixed team event will be Skeet. Therefore the two athletes to compete in the Mixed Team Skeet Event must be among the athletes nominated for the individual event using the above Quota Place allocation methods. The highest ranked male and female athlete from the 2023 Pan
